

COMPOSITION D'HISTOIRE DE LA MUSIQUE

Durée : 6 heures

Dans l'univers symphonique romantique, l'orchestre est souvent utilisé comme producteur d'affects, créateur d'atmosphères caractérisées, ou encore d'images et d'événements narratifs.

En vous fondant sur le répertoire du temps de Berlioz et en exploitant la partition jointe, vous montrerez par quels moyens (esthétiques autant que techniques), les compositeurs ont cherché à réaliser cette nouvelle poétique de l'orchestre.
